Research Report Guidelines

Characteristics of an Effective Research Report An effective research report has—at least—the following four characteristics:

- Focus: an effective report emphasizes the important information.
- Accuracy: an effective report does not mislead the reader.
- Clarity: an effective report does not confuse the reader.
- Conciseness: an effective report does not waste the reader's time.

How to Write an Effective Research REport

This part has to be clearly written in order to make it easy for other scientists to duplicate your work if needed. Usually, passive voice rather than active. Reference any information you have taken from other sources when writing a qualitative research report. Enumerate and label any graphs or diagrams appropriately.
