The First Venture Capitalist Georges Doriot On Leadership ...

The 'Father of Venture Capital' was born in Paris in 1899. Georges Doriot was the son of an automotive engineer and racecar driver for what would later become Peugeot Motor Co. He served during the First World War as an artillery engineer before coming to America to study at the Massachusetts Institute of Technology.

Father of Venture Capital - The Tontine Coffee-House

Our Story Our story starts with another story. In 1946, Harvard business professor and WWII army general, Georges Doriot, created the first public venture capital fund and became the founding 'Father of Venture Capital'. He wanted to give the public better access to opportunity.

Home - Doriot

But to those who knew him, Doriot, who died in 1987, was an iconoclast, a maker of men whose multifaceted career as a professor, military leader, innovative venture capitalist, and founder of Europe's first modern M.B.A. program made perfect sense.

The talented Georges Doriot - Harvard Gazette

The first self-proclaimed venture capital firm was the American Research & Development Corporation (ARD), founded in 1946 by the famous Harvard Business School professor Georges Doriot —an emigrated Frenchman who became a general in the US military and is now known as "the father of venture capital."

A Brief History of the World (of Venture Capital) | by ...

A venture capitalist is someone who (usually as part of a larger venture capital firm) invests money in startup businesses; in return, the venture capitalist gets company equity. And sure, that sounds nice and neat. But before you jump into the venture capital world to fund your business, there are some things you should know.

What Is a Venture Capitalist? | Business.org

"...I want money to do things that have never been done before," proclaimed Georges Doriot, almost 75 years ago. His was an era where venture capital (VC) had not yet been defined as an asset class, the world was recovering from the war and backing unprofitable companies seemed like an insane idea.

Has Venture Capital Strayed From Its Roots? | INSEAD Knowledge

Georges Doriot, a Frenchman who moved to the U.S. to get a business degree, became an instructor at Harvard's business school and worked at an investment bank. He went on to found what would be the...

Venture Capitalist (VC) Definition - Investopedia

Georges Doriot, the "father of venture capitalism", along with Ralph Flanders and Karl Compton (former president of MIT) founded ARDC in 1946 to encourage private-sector investment in businesses run by soldiers returning from World War II.

Venture capital - Wikipedia

The first (and updated) State of Venture Capital ever produced – and since poorly copied – describes the systemic issues with venture as an asset class for money managers. More than 150 money managers (including some VCs) have requested a pre-release of The State of Venture Capital on January 1st, 2010 (then as a slideshow). Here are a few of the many accolades we received:

The (First Ever) State Of Venture Capital | method41

Who was this pioneer Georges Doriot? "Born in France in 1899, he came to the U.S. to get an M.B.A. and extended his stay, working for an investment bank and teaching at Harvard Business School. In 1946, he founded American Research and Development Corporation (ARD), the first publicly owned venture capital firm."
